

Roe v Wade Decision Ripple Effect & A Toast to Partisan Politics

Hypothesis: If a partisan Supreme Court could override Constitutional law then community stakeholders in the US can potentially lose Civil Liberties across frontlines...

“We have never had significant overturning of precedent for the purpose of withdrawing rights. It’s always worked the other way, to expand rights. Not to withdraw them,” -Melissa Murray, Law professor, New York University

Here's where abortions are now banned or strictly limited, and where they may be soon
